RAM TRUCKS ROADSIDE ASSIST PROVIDES FOR:

ROADSIDE REPAIRS

At the site of the breakdown, the attending contractor will rectify most common breakdown-related problems, such as changing a flat tyre, jump-starting a flat battery, supplying emergency fuel and effecting minor roadside repairs which are safe to do at the breakdown scene. In most cases you will be on your way in no time.

If major parts or factory diagnostic equipment are required, your vehicle will be towed to a Ram Trucks dealership or a Ram Trucks authorised service agent. If towing is required we will be responsible for the cost of transportation only, subject to the limitations as outlined in Breakdown Towing below.

TECHNICAL ADVICE

Telephone technical advice will be provided in relation to the vehicle's operation, any safety warnings or lights that may appear, or technical and mechanical information regarding your vehicle.

EMERGENCY FUEL ASSISTANCE

If you run out of fuel, we will deliver an emergency supply of fuel to your vehicle, or where government regulations require, tow you to the nearest fuel station, subject to the limitations as outlined in Breakdown Towing below.

LOST OR LOCKED KEYS

Where the key has been lost or stolen, or has been locked inside your vehicle, we will either arrange for your spare key to be delivered to you or arrange for a locksmith to attend. Limitations apply for this service.

In the event that you insist that the vehicle be broken into to recover keys locked inside the vehicle, neither Ram Trucks Roadside Assist nor the contractor will, under any circumstances, be responsible for any loss or damage that occurs to the vehicle as a result. Due to contractor limitations, in some cases, this service may not be available.

You will be responsible for any costs in excess of \$250 including GST incurred in the provision of this service.

BATTERY AND EMERGENCY PARTS REPLACEMENT

We will arrange for the supply and fitment of emergency parts to effect mobilisation of a breakdown repair. Emergency parts are covered only in the event the vehicle part is covered by Ram Trucks' Warranty and the breakdown has been caused by a warrantable failure. In the event that the breakdown occurred out of warranty or as a result of a driver-related fault, all costs relating to the repair and the replacement parts will be at the driver's cost.

BREAKDOWN TOWING

If your vehicle cannot be mobilised, we will arrange for your vehicle to be towed/transported to the closest Ram Trucks' dealer or authorised service agent free of charge up to the first 250 kilometres (regional) and 50 kilometres (metro). Costs for towing greater than these distances are the responsibility of the driver.

Assistance/towing is only provided while the vehicle is located on gazetted and sealed roads.

ACCIDENT COORDINATION AND TOWING

If you are involved in an accident and contact Ram Trucks Roadside Assist, we will be pleased to advise you of any obligations and details that need to be obtained from the other driver, for extra peace of mind. Ram Trucks Roadside Assist will arrange towing, if requested by you, to a preferred repairer or repairer of your choice, as outlined in Breakdown Towing. Whilst we can arrange accident towing, all associated costs will be at you or your insurer's expense.

In the event of a breakdown or accident we can connect you through to family members, friends or business associates so as to notify them of any possible delays. Alternatively you may request us to notify these people on your behalf.
